SWINE POLICIES

1. All General and Special Rules will be enforced.
2. All rules and regulations of the respective breed and/or show association will be enforced as applicable.
3. **TAMPERING WITH LIVESTOCK** — Artificial coloring of any animal or any artificial means of removing or remedying physical defects of conformation in exhibition animals, such as lifting or filling under the skin, will be considered as fraud and deception. All animals giving evidence of such treatment will be barred from exhibition at the State Fair. If any animal is found by the official veterinarian to have been tampered with as previously described, it shall be disqualified from competition. All prize money that has been won at the current Oregon State Fair by the exhibitor on any animal or animals so disqualified will be forfeited. The finding of the official veterinarian as to whether or not any animal has been improperly tampered with shall be final and conclusive. The Oregon State Fair will not be responsible for the consequences, direct or indirect, of any animal or exhibitor being so disqualified or debarred from showing.
4. All swine exhibitors must remain in the barn until **the official release time on Monday as designated** by the livestock/**swine** superintendent; **time may be subject to change depending upon distance to travel**.
